THE

TIGER

NINETEEN HUNDRED SIXTY ONE

This is an annual publication
of the student body of Ninth
Avenue School of Henderson-
ville, North Carolina.

FOREWORD

We, the Seniors of Ninth Avenue have reached the twelfth step on the educational ladder. It was only four short years ago that we joined the "Ninth Avenue Family" as eager freshmen with a desire to live and learn together. Year by year, we have climbed upward steadily, meeting our problems but learning to solve them and to live together harmoniously. Our memories are pleasant ones, because our journey has been an enjoyable and unforgettable experience. As we have helped to mold Ninth Avenue School, so we have been molded into well poised and well prepared individuals who are ready to meet the challenging problems of life.

This edition of the Tiger gives a written and pictorial record of the Alma Mater during the school year of 1960-61. It is another link in the chain which leaves to everyone each year a bundle of memories, long to be remembered and always to be cherished.

Our sincere appreciation goes to everyone who helped to make this yearbook what it is. We express our deepest thanks to our advisors, Mrs. Carolina and Mrs. Edwards.

As you glance into the faces of those whom you see within these pages, we hope that you will share with them some of the joy, love and genuine affection which we have for our school.

MRS. A. M. MILLER

MRS. E. R. PILGRIM

To Mrs. Miller and Mrs. Pilgrim, the 1961 Tiger is dedicated to you who have encouraged, inspired, and wisely counselled us during our sojourn at Ninth Avenue.

Your advice has given us power to meet the many perplexities which have confronted us.

To you we owe our deepest appreciation.

Principals Message to Class of '61

Dear Seniors:

Today's citizens are challenged to make the right decision in life for intellectual and moral survival. Many voices are calling. If answered and followed, some will lead to happiness, prosperity, and success. On the other hand, some are directed toward sorrow, degradation and failure. The choice of decision influences the course of action of both young and old, rich and poor, teacher and pupil, and all mankind.

First, my admonition to the members of the graduating class is to acquire and practice the best habits that you have ever heard about or been taught at home, church and school. Follow also the ideals of those organizations and agencies that are conducting a program to ameliorate the conditions of man in our society. For example, the Scouts and Y programs. Desirable habits can not be legislated into action, but must be practiced in word, thought, and deed to be effective.

Secondly, continue your education. Training is essential. It is valuable in establishing one's efficiency, the first step toward competency and survival in a competitive economy.

Thirdly, choose and be guided by a set of values and standards that are rated superior in the moral fiber of society. Stability for right motives and action is justifiable. Changing from right to wrong to satisfy does not justify nor better the existing conditions.

Finally, acquiring good habits, getting trained for job efficiency and choosing a set of values will help to influence decision that matter. You have my best wishes for happiness, prosperity and success.

State Street, Chicago -- with G. E. Outdoor Lighting Systems
Derives Many Benefits as "World's Brightest Street" at Night

The world's brightest street at night is Chicago's State Street...lighted with fluorescent luminaires designed and produced at the "Outdoor Lighting Center of the World," General Electric's headquarters for its outdoor lighting business located at Hendersonville, North Carolina.

The illustration above shows the shopping district of State Street. Here, close to 399 top-quality General Electric Form 606 luminaires, mounted on specially designed "tree like" poles provide 14 footcandles of illumination!, a truly outstanding installation.

Cities throughout America, including small and larger communities in Western North Carolina, are today "lighting up." This offers many benefits to all citizens. Lighting is credited with lowering crime and highway deaths of all sorts...with improving safety, and even business.

* GENERAL ELECTRIC is
* looking for people who are
* truly prepared for the wide
* variety of assignments
* available in the electrical
* industry.--If you would
* like to explore the possi-
* bility of a career with
* General Electric, contact
* R. K. Bullock, OX 2-1431.
*

Goodlighting is an attribute of progressive communities. You, as tomorrow's citizens, will want to make sure that good lighting makes your streets and highways -- your ballparks and stadiums useful at night...safe and enjoyable for all.
